

## SCHEDULE & SERVICES OF FEES

### Scope of Services

To achieve the successful start-up of Red Meters products, by providing on-site observation and supervision while the purchaser of the meter undertakes the start-up the following services are provided:-

- Travel from the Red Meters office to the purchaser's site of installation;
- Undertake any site induction activities required by the meter purchaser or Principal Contractor;
- Provide on-site liaison during the start-up including making field notes and observations of the system;
- Travel back to the Red Meters office; collectively known as the 'Services'.

All aspects of installation of the meter are the responsibility of the purchaser of the Red Meters meter.

### Timing

Red Meters will require at least one weeks' notice of the intended date for installation of each meter.

### Red Meters' Resources

Red Meters supervision is provided by appropriately experienced and skilled Red Meters personnel. From time to time, Red Meters may use other personnel for the services. Reasons for using others will include availability, locality of installation/travel costs, personnel costs, etc.

### Assumptions

The following assumptions have been made in the preparation of this offer:

- All conditions and requirements described in Red Meters Installation Guides have been met;
- Red Meters Pre-commissioning checklist has been returned and signed by an authorized party representing the purchaser;
- Red Meters will receive at least one weeks' notice of the intended date for installation of each meter;
- Any services outside the scope of services listed above will be discussed as a variation with the client prior to undertaking any additional work.
